David Cullinane, T.D.

10th February, 2021

PQ4318/21 To ask the Minister for Health the number of persons on panels for the various occupations within the HSE nationwide across the various recruitment channels currently in place; and if he will make a statement on the matter - David Cullinane

Dear Deputy,

I refer to your recent parliamentary question above which was sent to the HSE for reply.

Recruitment within the HSE is conducted through multiple channels including through HR departments within the Hospital Groups and Community Health Organisations and coupled with recruitment activity delivered through HBS the shared service division of the HSE. HBS conducts approx 40% of recruitment within the HSE and the remaining activity happens across the organisation.

HBS Recruit currently have 1445 active bespoke panels and 59 active national panels.

Across all panels there are 14,796 active applicants (please note some candidates are on multiple panels for different professions and work sites).

Yours sincerely,

A handwritten signature in cursive script, reading "Marie O'Sullivan".
