9th February, 2021

Mr. Alan Dillon,
Houses of the Oireachtas,
Leinster House,
Kildare Street,
Dublin 2.

Re: PQ 4927/21; To ask the Minister for Health the number of staff working at Mayo University Hospital vaccinated against Covid-19 during January 2021, the number of staff yet to be vaccinated; and if he will make a statement on the matter. -Alan Dillon

Dear Mr. Dillon,

I refer to your above representation.

Staff vaccinated to date;

General Support staff	Health and Social Care	Management and Admin <i>Clinical other roles.</i>	Medical	Nursing	Other patient care	TOTAL
55	99	43	163	367	55	838

(56 of the above total were not categorised into a relevant professional group and is made up of a mix of all groups)

The total head count at Mayo University Hospital is 1412 however this does not include staff within Aramark (catering staff) and Noonan's (cleaning staff). Some of this group have also received vaccinations if they were working in covid areas with some still requiring vaccines. Our expectation, based on the current delivery plan, is that all staff in MUH will be offered the vaccine by end of February.

Yours faithfully,

CATHERINE DONOHOE
Hospital Manager
