PQ 13500/21: When will a new X-Ray machine be made available for the
Orthodontic Department in Letterkenny University Hospital

Dear Deputy Kenny,

The Health Service Executive has been requested to reply directly to you in the context of the above Public Representation. I have examined the matter and the following outlines the position.

Response:

Letterkenny Hospital is considering short and medium term solutions for the Orthodontic unit in order to provide space for new x-ray equipment that has been purchased for the department. Currently the infrastructure does not allow for the installation of this key piece of equipment and therefore options are being scoped out regarding how to address this.

I trust that this addresses your query.

Yours sincerely,

Grainne McCann
General Manager
