PQ 14568 To ask the Minister for Health the services available for adults living with an ADHD diagnosis in CHO6; the improvements planned; when will they be rolled out; and if he will make a statement on the matter.

Dear Deputy,

The Health Service Executive has been requested to reply directly to you in the context of the above Representation, which you submitted for response. I have examined the matter and the following outlines the position.

Community Healthcare East is delighted to have been chosen as a pilot site for the Adult ADHD Clinical Programme. The service will be provided by St. John of God Community Mental Health Service through a service level agreement with the HSE. A Consultant Psychiatrist is expected to be appointed in the early part of Quarter 4 2021, with service provision to commence by the end of the year.

Should you require any further information, please do not hesitate to contact me.

Yours sincerely,

A handwritten signature in blue ink that reads "Martina Behan".
