Deputy Duncan Smith TD
Dail Eireann
Leinster House
Dublin 2

23rd April 2021

Dear Deputy Smith

Re: PQ 15122/21

PQ Question: To ask the Minister for Health the number of vehicles owned or leased and operated by his Department and agencies and semi-State companies under his remit broken down by the number of ICE and non-ICE vehicles and fuel category, that is, petrol, diesel, hybrid, plug-in hybrid, electric and so on; and if he will make a statement on the matter. -Duncan Smith

HSE Due Date: 09/04/2021

I refer to your parliamentary question above which has been forwarded to the HSE for reply.

The Finance Specialists Office, National Finance Division manages and distributes State Indemnity Confirmation certs for all HSE owned and hired/leased vehicles.

The number of HSE owned vehicles currently is 2,134 (including the National Ambulance Service) and the number of hired/leased vehicles that are operated by the HSE are 162.

As vehicles, with the exception of the National Ambulance Service, are procured by local areas as the need arises, we don't hold information centrally on the number of ICE and non-ICE vehicles and fuel categories etc.

However, the National Ambulance Service (NAS) does hold information centrally and attached is the information requested on the NAS fleet.

I trust this information is helpful.

With kind regards,

Yours sincerely
