PQ 16585-21 To ask the Minister for Health the current percentage of Covid-19 vaccines (details supplied) that have been administered versus the number in supply. -

Dear Deputy Kerrane

Thank you for your representation. Once vaccine supply is received the aim is to distribute supply as quickly as possible to the vaccine sites. The HSE is required to hold doses of vaccine in order to ensure that there is stock for second doses. As of the 17th of April there have been 1,204,063 with 852,189 receiving dose 1 and 351,872 receiving dose 2.

I hope this provides you with assistance,

Yours faithfully

Sharon Hayden
General Manager
Office of the CCO
