Re: PQ ref 17278/21

"To ask the Minister for Health the number of persons that have access to the Covid-19 vaccination database; the roles of each; and if he will make a statement on the matter."

Dear Deputy Cullinane,

The number of users currently on the system are:

HSE- Operations Admin	1342
HSE - Support	377
HSE- Vaccinator	2269

Roles are assigned based on the function of the resource within the Covid Vaccination Programme so that all users have access that is appropriate.

The HSE has security and access management policies in place. All users must agree and sign up to these policies prior to accessing any application. The granting of user accounts is also subject to approval policies.

If you feel that the question has not been fully answered or you require any further clarity, please contact me.

Yours sincerely,
