Dear Deputy

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted for response. I have examined the matter and the following outlines the position.

I wish to confirm the majority of staff members at the Central Remedial Clinic (CRC) Clontarf have received their vaccinations. Clients attending day services who consented the vaccination have also been vaccinated.

A small number of staff have not been vaccinated to date due to particular circumstances. This includes CRC School staff on site in Clontarf, approximately 79 staff who are prepared to be vaccinated. The CRC also have clients aged 16+ (566) who only attend their clinical and specialist services who have not received their vaccinations to date. We anticipate the remainder will be vaccinated in line with the priority groups as outlined by Government

I trust this information is of assistance to you but should you have any further queries please do not hesitate to contact me.

Yours sincerely

Ms Olive Hanley
