09/07/2021

**PQ 22954-21 – Deputy Alan Kelly To ask the Minister for Health the percentage of persons over 80 years of age that have been given the first and second vaccine in the Covid-19 vaccination programme.**

Dear Deputy Kelly,

Thank you for your representation. As you will be aware the HSE is rolling out the vaccination programme in line with the National Immunisation Advisory Committee Allocation list.

The uptake remains strong overall for the vaccination programme for those age groups receiving dose one with 99% of 80 year olds.

As of the 1<sup>st</sup> July 2021 over 4.1 million vaccines have been administered to date, 2.5 million adults (67%) have received dose one, 1.67 million adults (44%) are fully vaccinated.

I hope this provides you with assistance.

Yours faithfully

---

Sharon Hayden  
General Manager  
Office of the CCO
