30th June, 2021

Deputy Michael McNamara
Dáil Éireann
Leinster House
Dublin 2.

PQ 23876/21 **To ask the Minister for Health if provisions will be put in place for eye clinic liaison officers in eye clinics nationwide and in particular in the eye clinic of University Hospital Limerick; and if he will make a statement on the matter.*

Dear Deputy McNamara,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

Response:

Following representations, the HSE met with the NCBI in December 2020. The NCBI identified the potential benefits associated with the introduction of Eye Care Liaison Officer posts and experience from introduction of such posts in specific Hospitals. No specific resources were allocated to the HSE to support this development in 2021. However, the HSE are examining the potential to support NCBI in 2021 within current resources. The HSE will engage directly with NCBI in this regard.

I trust that this answers your question.

Yours sincerely,

Robert Kidd
Assistant National Director
Acute Operations
