The table below has been produced from this information.

In the table below “Recommended” references projects which have been reviewed by the National Capital & Property Steering Committee & recommended for inclusion in the HSE’s Capital Plan. “Under Review” covers projects which are under review by the National Capital & Property Steering Committee, while “Not Recommend” covers projects which have not been recommended for inclusion in the HSE’s Capital Plan by the National Capital & Property Steering Committee. Projects which are included in the HSE’s Capital Plan are progressed, subject to availability of funding.
