2<sup>nd</sup> November 2021

**PQ52162/21**

To ask the Minister for Health if the National Ambulance Service will conduct home visits for homebound persons who are due to receive a Covid-19 booster shot or for persons with mobility constraints otherwise facing difficulty travelling to attend in-person clinics; if not, if general practitioners will be resourced to provide such a service; and if he will make a statement on the matter. -David Cullinane

Dear Deputy Cullinane,

The Health Service Executive (HSE) National Ambulance Service (NAS) has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

The National Ambulance Service (NAS) to date has not been requested to provide the COVID-19 Booster vaccine, it is our understanding that this will be carried out by the Community Health Organisations (CHO's).

I trust this information is of assistance to you and should you require additional information please do not hesitate to contact us.

Yours Sincerely,

William Merriman  
Deputy Director  
National Ambulance Service
