**PQ 54576/21\* To ask the Minister for Health the number of capital project applications which have been submitted by each hospital, by hospital group for new bed units and wards and treatment capacity expansion, for example, theatres; the number sought; the stage at which each of these applications is at; the estimated cost of each; and if he will make a statement on the matter. -David Cullinane**

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

Attached please find details as requested. The response provided has excluded Radiology and other diagnostic Departments, Emergency Department, Out-patient Department and COVID-19 related submissions as inferred from the Deputy's question. Costs have been included where the out-turn total project cost has been established.

We would refer the Deputy to a previous response provided under PQ 1963/21 & 1964/21 (attached) which provides a more complete list of projects and will include the projects omitted from this list. The response to PQ 1963/21 & 1964/21 also provides details of COVID-19 response projects.

Yours sincerely,

---
