28th October 2021

PQ 42546/21* To ask the Minister for Health the status of the development of the central sterile services department at Roscommon hospital; and if he will make a statement on the matter. - Denis Naughten

Dear Deputy Naughten,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

A submission was made to the HSE National Capital and Property Steering Committee in relation to a proposed Central Sterile Services Department project at Roscommon University Hospital in November 2018. A design brief and supporting documentation in relation to the development of a new CSSD at the Hospital has been prepared. Further information is currently being collated by Saolta Hospital Group in order to determine the decontamination requirements for the whole Saolta Hospital Group and to support the maximisation of surgical services across all hospitals in the Saolta Group, including Roscommon University Hospital. This information will inform any decision in relation to the development of the CSSD at the hospital. Capital & Estates are awaiting the outcome of this study.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'JC', written over a horizontal line.

Jim Curran
National Director
