PQ49021/21: To ask the Minister for Health the percentage of schools that ran a HPV vaccination clinic in 2019, by county in tabular form.

Dear Deputy Crowe,

The above PQ has been forwarded to my Department for direct response to you on same.

The HSE School Immunisation Teams offered HPV, Tdap and MenACWY vaccine to students in first year of secondary school (and age equivalent who are home schooled and attending special schools) during the 2018/2019 and 2019/2020 academic year.

Uptake information by county is available from <https://www.hpsc.ie/a-z/vaccinepreventable/vaccination/immunisationuptakestatistics/hpvtdapmenacwyuptakestatistics/>

I trust this clarification will be of assistance to you.

Yours sincerely,

DR. KEVIN KELLEHER, FFPHM, FFPHMI
