Mr. Bernard Durkan, TD,
Dail Eireann,
Leinster House,
Kildare Street
Dublin 2

27th October 2021

PQ 49256/21* To ask the Minister for Health the extent to which projects that fall within the aegis of his Department and are within the revised National Development Plan are at an advanced stage at present or are in course thereof; the extent to which preliminary work has taken place or on-site works are in hand or proposed; the expected delivery date of each; and if he will make a statement on the matter. -Bernard J. Durkan

Dear Deputy Durkan,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

The HSE's Capital Plan for 2021 outlines the projects that can progress in 2021 and subsequent years, having regard to the available capital funding, the number of large national capital projects currently underway, the cashflow requirements attaching to each project and the relevant priority.

The status of each project is also outlined in the HSE's Capital Plan for 2021.

The HSE is currently preparing the Capital Plan for 2022. This plan will be based on the allocated funding that the Health Sector has received in the revised National Development Plan.

I attach a copy of the HSE's Capital Plan 2021 for your information.

Yours sincerely,

Jim Curran
National Director,
Capital & Estates
