27th October 2021

PQ 49464/21 * To ask the Minister for Health the estimated cost to replace 100 acute inpatient beds in multi-occupancy wards with single-occupancy rooms. -David Cullinane

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

The range of cost per single bed single room acute accommodation is in the order of €600,000 to €800,000 so the estimated overall cost would be in the order of between €60 million to €80million.

It should be noted that most ward replacement projects have site specific issues to resolve in advance and the cost of these enabling works are in addition to the costs outlined above.

Yours sincerely,

Jim Curran
National Director,
Capital & Estates
