Re PQ 49937/21: Re-opened

“To ask the Minister for Health if parents of children in a school (details supplied) will be fully updated on the results of an evaluation carried out by the HSE of services provided in the school; if recommendations provided in the evaluation will be implemented in the school; and if he will make a statement on the matter”

Details supplied: Carmona school in Glenageary, Dublin. The HSE have carried out an evaluation of the services provided in the school in the past month. The school and parents would like to receive a report of the evaluation and all relevant information.

Dear Deputy Richmond,

Thank you for your further correspondence in relation to the above Parliamentary Question. I have examined the matter and the following outlines the current position.

As advised, the needs of the children and families within Carmona School were reviewed in the context of the new model of service delivery and the Individual Family Support Plan. These needs will be prioritised and actioned in the Family Support Plan and are individual to each child.

This was outlined to parents during the recent parents evening .

I trust that this information is of assistance to you.

Yours sincerely,

Patricia McEvoy
Head of Service, Disabilities
