Dear Deputy Naughten,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

In 2021 €130m of capital funding was provided to the HSE in support of COVID-19 response.

The expenditure to date on this funding is approaching €91m. The breakdown of the expenditure to date is provided in the attached documentation.

These projects will provide approximately 350 bed spaces, none of which are yet operational.

Yours sincerely,

Jim Curran
