Re: PQ ref 50623/21 - number of older persons on waiting list for home support in each LHO area CHO 9

“To ask the Minister for Health the number of older persons on the waiting list for homecare support in each local health office area in CHO9; the corresponding figures for each area at the end of June 2020; and if he will make a statement on the matter.”

Dear Deputy Haughey,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

The table below outlines the number of Older Persons on the current waiting list for Home Support in each former Local Health Office area in Community Healthcare Organisation Dublin North City and County (CHO DNCC) and the corresponding figures for each area at the end of June 2020.

I am pleased to advise that a review carried out by Older Persons Services CHO DNCC of all clients on the home support waiting list and our continued focus in this area has resulted in significant improvement as is evident from the figures outlined below.

Area	June 2020	October 2021
Dublin North	123	13
Dublin North Central	102	28
Dublin North West	N/A*	52

*Due to the recent Cyber Attack on the HSE the figures for June 2020 for Dublin North West are not available at this time

I trust this information is of assistance to you but should you have any further queries please do not hesitate to contact this office.

Yours sincerely,
