Dear Deputy Cullinane

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

I can confirm that at present, University Hospital Waterford has 44 patients (Children/Adolescents) with Type 1 Diabetes using insulin pump therapy.

I trust the above is satisfactory but if you have any queries please do not hesitate to contact me.

Yours sincerely,
