

Deputy Holly Cairns, TD,
Dail Eireann,
Leinster House,
Kildare Street
Dublin 2

5th October 2021

PQ 44915/21 * To ask the Minister for Health the locations of all offices and buildings either owned or used by his Department or by public bodies and agencies that operate under his remit which are usually open to the public to access services. -Holly Cairns

Dear Deputy Cairns,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

The HSE records information on its buildings on a property database.

Please note that since the cyber-attack on HSE Systems in mid-May, this property database has not been updated and the data presented represents the position at the beginning of Q2 2021.

The results from the data are as follows:

Number of Properties: **2,503**

Number of Buildings (on those properties): **4,205**

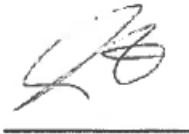

A listing of the properties and buildings are provided on the attached spreadsheet file. Properties are identified by 'Site Code' and the buildings are listed by 'Block No.' on the file. The information is listed by Site Code alphabetically – 'CE' indicates County Clare at the beginning and 'WX' indicates County Wexford at the end of the file.

A 'filter' facility is incorporated in the file which allows the data to be filtered by each heading. For instance, the last column on the right can be filtered to allow the properties and buildings in a specific county to be viewed.

The opening hours of buildings and access to services are available through each local HSE service.

Another way of retrieving locations of all HSE buildings and services is Health Atlas through the following link: <https://public.healthatlasireland.ie/mapcentre2/>

Yours sincerely,

A handwritten signature in black ink, appearing to be 'JC', is positioned above a solid horizontal line.

Jim Curran
National Director,
Capital & Estates
