Cathal Crowe, T.D.  
Dáil Éireann,  
Leinster House,  
Kildare Street,  
Dublin 2.

12<sup>th</sup> October 2021

PQ: 46218/21

**To ask the Minister for Health the number of funding applications received for persons with diabetes over 21 years of age by the long-term illness scheme and primary care reimbursement service for the dexcom continuous glucose monitoring system; the number of those applications for persons with diabetes over 21 years of age that were approved; and the number that were rejected in each of the years 2018 to 2020 and to date in 2021, in tabular form. -Cathal Crowe**

Dear Deputy Crowe,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question (Reference 46218/21), which you submitted to the Minister for Health for response.

CGM applications are not managed by the Primary Care Reimbursement Service. They are managed through Aids and Appliances Arrangements at local level where clinical referrals are considered in line with tender arrangements.

Yours sincerely,

Suzanne Doyle  
Primary Care Eligibility & Reimbursement Service
