**PQ 46240 /21 \* To ask the Minister for Health the breakdown of all extra capital expenditure under Covid-19 funding measures since March 2020; and the capital expenditure by project and location. -Alan Kelly**

Dear Deputy Kelly,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

In 2020 €125m of capital funding was provided to the HSE in support of COVID-19 response. The breakdown of this expenditure into various categories is indicated in the attached documentation. Due to nature of the recording structure which was put in place at the initiation of the response it is not possible to provide the breakdown of expenditure per project location. However, a list of projects forming part of the HSE's response to the COVID-19 emergency is attached.

In 2021 €130m of capital funding was provided to the HSE in support of COVID-19 response. The expenditure to date on this funding is approaching €91m. The breakdown of the expenditure to date is provided in the attached documentation.

Yours sincerely,

**Jim Curran**
