To ask the Minister for Health the status of the provision of psychology services in the Headford and Lackagh primary care service, County Galway; and if he will make a statement on the matter.

Dear Deputy Canney,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question. I have examined the matter and the following outlines the position.

I can confirm that the Primary Care Psychology service in the Headford/Lackagh area has recommenced following the successful recruitment of a Psychologist for Primary Care Child and Family Services. The post-holder will be working on an extensive waiting list for this area.

I trust this information is of assistance to you, but should you have any further queries please contact me.

Yours sincerely,

pp Michelle Gan
