**PQ 47223/21 RE: The inpatient bed occupancy rate in each of the years 2018 to 2020**

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

I am advised by the Business Intelligence Unit that the attached document outlines the bed occupancy rates in each of the years 2018 to 2020.

I trust this is of assistance.

Yours sincerely,

---
