PQ 19301/22

To ask the Minister for Health the number and locations of the emergency departments which operate a 24/7 model in tabular form: the number which operate a 24-hour model but not on weekends; and if he will make a statement on the matter. -David Cullinane

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

The number and locations of the Emergency Departments which operate a 24/7 model are outlined below as requested. As per the Emergency Medicine Programme (EMP) the term Emergency Department applies to hospital facilities that provide 24/7 access for undifferentiated emergency and urgent presentations across the entire spectrum of medical, surgical, trauma and behavioural conditions.

Please note St Michaels Hospital operates a 12/7 model of service.

I trust the information herein is helpful.

Yours sincerely,

Jacqueline McNulty
