Dáil Eireann

PQ 60140/22

To ask the Minister for Health the average accident and emergency waiting time in each accident and emergency in the country for the month of November 2022; the number of patients that have been placed on trolleys and chairs in each accident and emergency in the country during November 2022.

Dear Deputy Tóibín,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary question, which you submitted to the Minister for Health for response.

I wish to advise that the November data as requested in PQ 60140/22 is still being validated and therefore not available to release, however once it has being finalised we will provide the data as requested.

I trust this response is helpful.

Yours sincerely,

Jacqueline McNulty
