PQ Number: 60313/22

Question: To ask the Minister for Health the number of additional consultants, registrars and SHO's in WTE terms appointed for each public/voluntary hospital since 27 June 2020, in tabular form; and if he will make a statement on the matter. - Jim O'Callaghan

Dear Deputy O'Callaghan,

Please see below response to the above PQ:

The data contained in this response is extracted from DIME (Doctors Integrated Management E-system). DIME is dependent on clinical sites inputting details on their consultant workforce and therefore there may be variances and gaps in the data supplied to that held within clinical sites. As DIME is a live system it must be noted that there can be variances in the figures published dependent on the run date of the report as entries can be made with a retrospective date.

There are 7,959 NCHDs (non-consultant hospital doctors) as of 05 December 2022 compared with 6,921 NCHDs as of August 2020. These figures relate to those NCHDs matched to a post to DIME and exclude Research and Lecture posts. Detailed breakdown by clinical site is listed below in Table 1 and Table 2.

There are 3,586 consultant posts filled as of 05 December 2022 compared with 3,417 consultant posts filled in 28 August 2020. These figures relate to those consultants matched to a post in DIME. Detailed breakdown by clinical site is listed below in Table 3 and Table 4.
