PQ 60646/22 To ask the Minister for Health the details of the formal capital investment proposal submitted for the provision of single room en-suite bed capacity at a hospital (details supplied: Mayo University Hospital) and a timeline for completion of this project. -Alan Dillon

Dear Deputy Dillon,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

Provision has been made in the Capital Plan to update a Development Control Plan for Mayo University Hospital. This will include a feasibility study to see how a new hospital ward block might be developed on the hospital site.

Following the outcome of this initial feasibility study, the process of preparing a formal capital investment proposal can be progressed.

Yours sincerely,

Paul de Freine
National Director,
Capital & Estates
