PQ/62250/22

"To ask the Minister for Health if all of the recommendations of a person (The Wolfe Report, commissioned by Western Care in 2020 made 14 recommendations) have been implemented in County Mayo; and if he will make a statement on the matter".

Dear Deputy Dillon

I refer to PQ/62250/22 uploaded on the PAD System on the 13th December 2022 and due for response on the 3rd January 2023 regarding representations that you have made to the Minister for Health concerning "if all of the recommendations of a person (The Wolfe Report, commissioned by Western Care in 2020 made 14 recommendations) have been implemented in County Mayo; and if he will make a statement on the matter". The HSE has been requested to reply directly to you on this matter. The following response outlines the position.

Please be advised that the Wolfe report was commissioned by Western Care Association to review a number of individualised services in the organisation and to report on findings and make recommendations. Since the report was finalised, a number of actions have been implemented with further recommendations addressed in a number of the strategic objectives set out by the organisation in their strategic plan 2022 - 2026.

I trust that this response has clarified the matter that you have raised in this instance.

Yours sincerely
