PQ ref 4265/22

To ask the Minister for Health the status of a site for public services for adults with ADHD in CHO6; the timeline for the same; if a consultant psychiatrist was appointed in quarter 4 of 2021 with service provision commencing at the end of 2021; and if he will make a statement on the matter.

Dear Deputy,

The Health Service Executive has been requested to reply directly to you in the context of the above Representation, which you submitted for response. I have examined the matter and the following outlines the position.

I am advised that the Adult ADHD Consultant is now appointed. The team is currently based at Burton Hall Campus in Sandymount and in the future will be co-located with Primary Care Services in a South Dublin Primary Care Centre to be developed. Pathways and Policies are now developed and there has been ongoing engagement with Community Mental Health teams to prepare for referrals from this month (February 2022).

Should you require any further information, please do not hesitate to contact me.

Yours sincerely,

Martina Behan,
General Manager Mental Health
Community Healthcare East
