Leinster House
Dublin 2.

**PQ 6071/22 - The number of whole-time equivalent consultant paediatric orthopaedic surgeons employed by the HSE in each of the years 2020, 2021 and to date in 2022; and the hospitals in which these consultants are located in tabular form.
DUE DATE: 21/02/2022**

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

The National Doctors Training Programme (NDTP) have provided the below data which is extracted from DIME (Doctors Integrated Management E-system) as at 18th February 2022. I am advised by NDTP that DIME is dependent on clinical sites inputting details on their consultant workforce and therefore there may be variances and gaps in the data supplied to that held within clinical sites. As DIME is a live system it must be noted that there can be variances in the figures published dependent on the run date of the report as entries can be made with a retrospective date.
