Dear Deputy Brady,

The Health Service Executive has been requested to reply directly to you in the context of the following parliamentary question, which was submitted to this department for response.

PQ 63483/21

To ask the Minister for Health the number of persons awaiting a clinical assessment in 2021, by waiting list timeframe and by county; the wait time involved, that is, by one, three, six, 12 and greater than 12 months in tabular form; and if he will make a statement on the matter.

HSE Response

People requiring assessment, diagnosis and treatment would normally access such services via Primary Care Teams in Community Healthcare Organisations. Children with complex disability needs access these supports through Childrens' Disability Network Teams.

HSE Disability Services does not gather data on clinical assessment and therapy services provided through other service areas such as Primary Care, Acute services, Older Persons Services and Adolescent Mental Health Services

Primary Care Operations collects data on therapy services waiting lists and provided us with the following information the latest available waiting list data at end of November 2021 for Speech and language and at end of October 2021 for other therapies.

- Table 1 in the Appendix includes the data for Speech and Language Therapy - Total Number of patients awaiting Initial Assessment - November 2021
- Table 2 in the Appendix includes the data for Speech and Language Therapy - Total Number of patients awaiting Initial Therapy - November 2021.
- Table 3 in the Appendix includes the data for Speech and Language Therapy - Total Number of patients awaiting Further Therapy - November 2021
- Table 4 in the Appendix includes the data for Physiotherapy - Number of Patients waiting for Assessment October 2021.
- Table 5 in the Appendix includes the data for Occupational Therapy - Number of Patients Awaiting First Time Assessment October 2021.
- Table 6 in the Appendix includes the data for Psychology - Number of Patients waiting for treatment October 2021.
- Table 7 in the Appendix includes the data for Audiology - Number of Patients waiting for treatment October 2021.

- Table 8 in the Appendix includes the data for Ophthalmology - Number of Patients waiting for treatment October 2021.

The HSE acknowledges that significant levels of vital therapies were temporarily curtailed due to the current Covid-19 pandemic. The restoration and continuity of services is underway in a safe way in line with the very significant investment made by the State and funded agencies. We continue to work with service users and their families/carers to ensure that we achieve this aim.

Yours sincerely,
