PQ 35612/22

To ask the Minister for Health the average wait time in local and minor injury units in 2021 and to the end of May 2022, broken down by unit and by patients under 65 years and over 65 years; and if he will make a statement on the matter.

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

I am advised by HSE BIU that the information is not currently available or collected in a consistent way across the local injury or minor injury units in the requested format.

At present Patient Experience Times (PETs) are captured within Emergency Departments only.

I trust this response is helpful.
