Acute Operations,

The Dargan Building, Heuston South Quarter, Military Road, Dublin 8

25th July 2022

Deputy David Cullinane
Dáil Eireann
Leinster House
Dublin 2

PQ 37437/22

To ask the Minister for Health the State-wide mean, median, and maximum time to admission via an emergency department for all patients, under 75, and 75+ years of age for each month in 2022 to date, in tabular form; and if he will make a statement on the matter

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

I wish to advise that the mean, median and maximum times to admissions via an emergency department for all patients, under 75 and 75+ are not currently reported. In this regard, I do, however, outline for your information the average time to admission in the same respective categories.

	Jan	Feb	Mar	Apr	May	Jun
Average waiting time for admission via an Emergency Department	12.2	12.9	13.2	12.1	11.5	12.5
By age group:						
Under 75	11.2	11.9	12.1	11.2	10.8	11.6
75+	15.0	15.4	15.7	14.5	13.5	14.8

• Source BIU HSE

Please note the June data is very preliminary and subject to change.

I trust this response is helpful.

Yours sincerely,

Jacqueline McNulty
