Deputy David Cullinane
Dáil Éireann
Leinster House
Dublin 2

PQ 37448/22

To ask the Minister for Health the number of patients who left an emergency department post-registration but pre-admission in the month of June 2022 by hospital in tabular form; and if he will make a statement on the matter.

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

The information currently recorded by HSE provides data on the number of patients who registered but did not wait within the Emergency Department. Therefore, in response to your question, it is important I highlight that the information collected does not distinguish or categorise patients that may require

- a. Admission but decided to leave ED before admission
- b. Treatment in ED but left the ED after registration and before completion of treatment.

I am however happy to provide you with data for the subset of all attendances to ED that did not wait post registration in the month of June 2022.

Please note

1. Data provided in these reports is preliminary and may be subject to change due to ongoing validation.
2. June data is very preliminary and subject to change.

I trust this response is helpful.

Interim Assistant National Director
Acute Operations
