Deputy Donnchadh O’Laoghaire
Dail Eireann
Leinster House
Kildare Street
Dublin 2

To asks the Minister for Health the number of persons waiting for an appointment for the genitourinary medicine and sexually transmitted disease clinic in the South Infirmery Victoria University Hospital in Cork for less then 1, 1-2, 2-4 weeks and for 1-2, 3-4, 4-6 and over 6 months.

Dear Deputy O’Laoghaire

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

Most patients are seen in the Sexual Health Clinic in the South Infirmery Victoria University Hospital within 2 weeks. If a patient has serious concerns, this can be escalated and a patient can be given an appointment within 2 days.

I trust this information is of assistance to you but should you have any further queries please do not hesitate to contact me.

Yours sincerely,

Dr. Gerard O’Callaghan
Interim Chief Executive Officer
