Dáil Éireann  
Leinster House  
Dublin 2.

**PQ 39401/22: To ask the Minister for Health the number of whole-time equivalent radiographer positions which are funded; the number of funded WTE posts vacant that is not filled by direct employment, agency, overtime, secondment or any other means; and if he will make a statement on the matter.**

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

The latest health service personnel census shows that there was a WTE of 1,440 Radiographers in the HSE as of June 2022.

In relation to your query as to the number of funded WTE posts vacant, unfortunately we are unable to provide this information as this data is not currently held centrally.

I trust that the above is of assistance.
