Deputy Thomas Gould  
Dáil Éireann  
Dublin 2

**PQ ref 39557/22**

**“To ask the Minister for Health the number of people waiting on the CAMHS waiting list in Cork the average waiting time; the number waiting more than six months; and if he will make a statement on the matter.”**

Dear Deputy Gould,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

Child and Adolescent Mental Health Services (CAMHS) services are designed for children and adolescents presenting with moderate to severe mental health needs. All referrals received to CAMHS services are triaged as per CAMHS Operational Guideline 2<sup>nd</sup> Edition Nov 2019. The referral is then either accepted or rejected at that point. There are two types of referral; an urgent referral and a routine referral. Every effort is made to prioritise urgent referrals so that young people with high risk presentations are seen as soon as possible and this is often within 24 to 48 hours. This may impact on wait times for presentations that are triaged, to be less severe. Actual waiting time per team is outlined in the waiting list below for Cork CAMHS as of 30<sup>th</sup> June 2022:

	0-3 Months	3-6 Months	6-9 Months	9-12 Months	12-18 Months	18-24 Months	Over 24 Months
South Lee 1	24	26	28	21	11	2	0
South Lee 2	18	6	5	7	4	0	0
South Lee 3	35	31	49	24	40	13	0
West Cork	22	10	4	0	7	0	0
North Lee North	9	21	19	8	1	0	0
North Lee West	7	14	7	8	11	0	0
North Lee East	19	11	12	2	0	0	0
North Cork	48	31	32	18	42	25	0

As you may be aware, there are long-standing workforce challenges and although additional investment has been approved for some community services, the ability to recruit and retain the

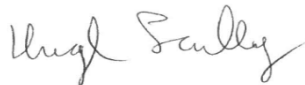

community workforce is an on-going significant issue. These workforce challenges have grown over the last 2 years as a result of competing priorities to deliver essential programmes of work including vaccination services, test and trace services, the implementation of key policies as well as on-going operational challenges of winter, the COVID response and the cyber-attack. It is acknowledged that the number of people on waiting lists for treatment or assessment exceeds Sláinte Care waiting time targets. It is also important to note that Cork Kerry CAMHS in common with all CAMHS services nationally has been experiencing difficulties in recruiting and retaining the services of CAMHS doctors in recent years.

The commitment to Sláinte Care has been reconfirmed in the Programme for Government and the overall budget 2021 has invested in staffing and infrastructure so as to enhance the permanent capacity of our health services and expand the scale and range of services to be provided in the community. A project team has been established in Community Operations with senior national representation from all Care Groups to oversee the further development and implementation of waiting list initiatives. The project team will collaborate with CHO colleagues and partners in acute services, procurement, NTPF and the Department of Health with a key goal to address waiting list issues. In addition to this, Cork Kerry Community Healthcare have confirmation of funding for a new initiative which will commence in 2022, a CAMHS Hub Pilot. Provision for this new referral option is outlined in Sharing the Vision, A Mental Health Policy for Everyone, 2020. It is also important to note that Cork Kerry Mental Health Services are proactively seeking to increase the number of HST posts as a way to 'grow your own' medical specialists, HST is a pathway for NCHDs (Non Commissioned Hospital Doctors) to pursue a CAMHS specialty.

Furthermore, I wish to assure you that all efforts continue to be made locally to address and reduce waiting list in CAMHS Cork Kerry Community Healthcare including the use of telemedicine, agency cover and weekend clinics and we are committed to continuing these efforts to ensure that better access to a safe and effective service is delivered.

I trust the above clarifies the queries raised.

Kind Regards,

---
