

Michael Moynihan, T.D.
Dáil Éireann,
Leinster House,
Kildare Street,
Dublin 2.

10th August 2022

PQ: 40088/22

To ask the Minister for Health if he will review the case for the reimbursement of international normalised ratio test strips and machines for warfarin patients; if there is a review of the reimbursement list underway or scheduled to take place; and if he will make a statement on the matter. -Michael Moynihan

Dear Deputy Moynihan,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question (Reference 40088/22), which you submitted to the Minister for Health for response.

INR self-testing strips such as CoaguChek® are not reimbursable under GMS and Community Drug Schemes. Whilst a range of diagnostics are available on the Reimbursement List for use in Diabetes, a change in HSE policy would be required to expand this to other therapeutic areas such as INR testing ancillaries.

Equipment such as machines are not reimbursed by the HSE Primary Care Reimbursement Service (PCRS) under Community Drug Schemes.

On very rare occasions, CoaguChek® strips were approved in the most exceptional circumstances under Discretionary Hardship Arrangements where it is clear that there is no other option for the patient i.e. the person is bed bound or cannot travel a great distance to the INR clinic.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Suzanne Doyle'.
