PQ

**To ask the Minister for Health if he will commit to investing the necessary capital in support of the infrastructure development plan for St. John's Hospital, as detailed in the St. John's Hospital Strategic Report 2022-2027; and if he will make a statement on the matter. -Maurice Quinlivan**

Dear Deputy Quinlivan,

St John's Hospital has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

St John's Hospital is firmly committed to providing much needed public healthcare services in line with the national service specification for Model 2S hospitals. Our proposal for capital investment addresses the critical requirement to tackle public waiting lists by accommodating a significantly greater proportion of the scheduled care work in the Midwest region.

Our commitment to seek the capital investment that is required to support the infrastructure development plan for St. John's Hospital, as detailed in St John's Hospital Strategic report will continue.

With capital investment, St John's is capable of doing much more to address both unscheduled and scheduled care requirements in the Midwest.

St John's Hospital would like to take this opportunity to thank you for your ongoing support pertaining to St John's Strategic plan.

**Yours sincerely,**

**Emer Martin**  
**Chief Executive Officer**  
**St John's Hospital**
