PQ 41568/22* To ask the Minister for Health if he will report on planned works at Monasterevin day care centre; when the centre is expected to reopen; and if he will make a statement on the matter. -Patricia Ryan

Dear Deputy Ryan,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

The proposal to renovate Monasterevin Day Care Centre was issued to tender with an original tender return date of 25th February 2022. A two week extension of time was requested and was granted. The evaluation of tenders received has been completed by the design team. A tender report recommending appointment of a contractor has been received by HSE.

All letters notifying successful and unsuccessful tenderers have been issued and the HSE awaits receipt of necessary documentation from the successful tenderer in order to conclude the procurement process.

It is anticipated, subject to completion of these processes and formal approval to award the contract, that construction should commence on site in the near future, with an anticipated timeline of 15 months for completion.

Yours sincerely,

Paul de Freine
