Re: PQ 29139/22

To ask the Minister for Health the current status of plans to upgrade the intensive care unit at Mayo University Hospital; and when works will commence. -Éamon Ó Cuív

There has been no allocation of funding for renovation works in the ICU in Mayo University Hospital. The plans are to be incorporated into the overall hospital development control plan. The only works that are currently being undertaken in ICU is preparatory works for the implementation of a clinical IT system. These works are underway.
