REF: To ask the Minister for Health if work has ceased on a new primary care centre in Ballyhaunis, County Mayo; if so, the reason therefor; when construction will recommence; and if he will make a statement on the matter

Dear Deputy Ring,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted for response. I have examined the matter and following consultation from Estates the following outlines the position

Construction is currently on hold. The contractor is having resourcing issues getting subcontractors programmed in to come back to site which is complicated by current market conditions. We are awaiting a commencement date and updated programme for finishing this project out and will confirm once received.

I hope you are assured in this regard and if you require any further information, please do not hesitate to contact me.

Yours sincerely,

Mary Warde
