PQ 29807/22

***The average number of open and funded acute inpatient beds in the public health system in 2021 -
Dep. David Cullinane TD.***

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

The average number of open inpatient beds in the public system in 2021 was 11,337

I trust this response is helpful.

Yours sincerely,

Jacqueline McNulty
