Source: Health Service Personnel Census

Note 1: Health Sector staffing figures relate to direct employment levels as returned through the Health Service Personnel Census (HSPC) for the public health sector (HSE & Section agencies)

Note 2: Figures relating to service levels are expressed as whole-time equivalents (WTE) in order to take account of part-time working

Finally, these details are available through the Health Services Personnel Census (HSPC), which is the official employment count for the public health sector *and routinely published* [here](#).

I trust that this information is sufficient to meet the Deputy's needs.

Yours sincerely,

Yours sincerely,
