23rd June 2022

Deputy Cathal Crowe,
Dáil Éireann,
Leinster House,
Kildare Street,
Dublin 2.

PQ 30368/22 – To ask the Minister for Health the number of persons who are approved for medtronic insulin pumps through HSE aids and appliances community funds in each of the years 2016 to 2021; the number who are in age categories, 0-14, 15-17, 18-24, 25-34, 35-44, 45-54, 55-64 and over 65 years of age in tabular form.

- Cathal Crowe

Dear Deputy Crowe,

The Health Service Executive (HSE) has been requested to reply directly to you in the context of the above Parliamentary Question (PQ 30611/22) which you submitted to the Minister for Health for response.

Please note that the authorisation of insulin pumps occurs at an LHO level, and as such, there is not a national database which collates the information centrally or records the number of persons who are approved for insulin pumps each year.

However, the total number of patients who have been prescribed Medtronic insulin pumps to date, and who are currently using them is recorded, and is detailed in the below table.

Total Number of patients currently on Medtronic pumps	Aged up to and including 20	Aged over 20	Age Unknown
3,437	1,316	2,044	77

I trust this information is of assistance to you.

Yours sincerely,

Seán McArt
General Manager Primary Care
National Community Operations
