

28th June 2022

Deputy David Cullinane
Dáil Éireann
Leinster House
Kildare Street
Dublin 2

Ref: PQ 31525/22

To ask the Minister for Health the number of Consultant Applications Advisory Committee approved consultant posts as per Doctors Integrated Management E-System by location, speciality, the basis on which they are filled and by tenure in tabular form; the number of posts filled and vacancies arising in May 2022; and if he will make a statement on the matter

Dear Deputy Cullinane,

National Doctors Training and Planning (NDTP) Response

The data contained in this response is extracted from DIME (Doctors Integrated Management E-system) as at 03 May 2022, this is the latest data available. As of 03 May 2022, DIME identifies 3 posts that were filled and 3 posts that became vacant during May 2022.

DIME is dependent on clinical sites inputting details on their consultant workforce and therefore there may be variances and gaps in the data supplied to that held within clinical sites. As DIME is a live system it must be noted that there can be variances in the figures published dependent on the run date of the report as entries can be made with a retrospective date.

Table 1: Total number of CAAC Approved Posts as at 03.05.2022

Filled	Unknown Status	Vacant	Vacant Posts with a future start date	Newly created service posts under recruitment	Total
3454	6	124	23	326	3933

Table 2: Total Number of CAAC Approved Posts by Principal Clinical Site, Specialty & Tenure as at 03.05.2022

Principal Clinical Site	Specialty	Tenure	Filled	Unknown	Vacant	Vacant Posts with future start date	Newly created service posts under recruitment	Total

Definition of Status	
Filled	The clinical site has verified that a Consultant currently occupies this post.
Vacant	Recruitment for the post may be underway but the clinical site has verified on DIME that this is currently a vacant post. An appointment may have been made to a number of these vacancies with a prospective start date. It should be noted that there is often a significant period of time between approval of a consultant post through CAAC to the commencement of the recruitment process and ultimately the recruitment of a Consultant to a post. The vacancy figure includes a combination of posts that have previously been filled but have become vacant and posts that have never been filled.
Unknown Status	The clinical site has not yet assigned a Consultant to the post or marked the post as vacant.
Newly created service posts under recruitment	Newly approved CAAC posts that are currently undergoing a recruitment process
