Deputy David Cullinane
Dáil Eireann
Leinster House
Dublin 2

PQ 31689/22

To ask the Minister for Health the number of patients waiting in emergency departments in January, February, March, April and May 2022, broken down by month, by the number of patients waiting longer than four hours; the percentage of patients waiting longer than four hours; and if he will make a statement on the matter.

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

Please note the HSE do not currently report on patients waiting longer than four hours. The National Service Plan KPI is measured as six hours.

I trust this response is helpful.

Yours sincerely,

Jacqueline McNulty
